

## 2009 California Sauvignon Blanc

**\$18.99/bottle**

**ONEHOPE** Sauvignon Blanc is hand-crafted in partnership with Rob Mondavi, Jr. from select vineyards in Napa Valley, Sonoma County and California's Central Coast. Boasting a pale, golden color and flavors of pink grapefruit and bright, grassy undertones, this distinctive wine is fermented in stainless steel barrels.

**ONEHOPE** Sauvignon Blanc is light, refreshing and finishes very crisp making it a perfect pairing with salmon, halibut, light pasta dishes, fresh fruits and a variety of cheeses.

**ONEHOPE** donates 50% of the profits from sales of its Sauvignon Blanc to benefit the American Forest Foundation. For every dollar that is donated, American Forest will plant a tree. The American Forest Foundation (AFF) encourages the long-term sustainability of America's forests, restoring wildlife habitat, and developing quality environmental education programs, to assure that Americans today, and in the future, enjoy healthy, growing forests.

Appellation:	California
